### JUST AS UNIQUE AS YOU ARE!

UNIQUE is the name of the new school satchel series from LÄSSIG and the name says it all! The new school collection is particularly unique – not only because of its special design and diverse features, but also through the unlimited design options it offers the proud youngsters starting school. This makes the new school satchel the best school companion and friend.

PARTICULARLY ERGONOMIC,  
COMFORTABLE AND LIGHTWEIGHT

LÄSSIG's new school satchel Unique proudly bears the seal of approval from IGR e.V., which stands for a tested and ergonomic carrying system.

The school satchel adapts perfectly to its young owner: thanks to height-adjustable back sections and the carrying straps, as well as a weight distribution that is easy on the back due to a chest strap that relieves the weight and a removable hip belt. Breathable padding in the pack and on the shoulder straps guarantees comfortable wearing. The Unique school satchel scores with a weight of only 1080g and still proves to be extremely stable thanks to its reinforced base.

## SCHOOL SET UNIQUE

### SAFE AND VISIBLE

To ensure safety for youngsters on their way to and from school, well-placed reflectors on the front, side and shoulder strap sections make the school bag visible in the dark and in traffic. All models are also equipped with an integrated neon-colored rain cover which offers further visibility with its reflective print – and not just on rainy days!

The models in neon colors offer additional visibility with their fluorescent surfaces, during the day and at dusk.

### SUSTAINABLE AND WEATHERPROOF

Sustainability is writ large here, because the UNIQUE collection relies on recycled polyester. To produce a school satchel up to 33 recycled plastic bottles are used – a respectful use of our resources. This school satchel can handle anything in any type of weather due to its dirt and water repellent material.

This is also ensured by the raised and stable base, which stands out with its colorful grooves, making it particularly modern and cool. Last but not least, the UNIQUE school satchel set bears the “PETA Approved Vegan” label.

## SCHOOL SET UNIQUE

### CLEVERLY DESIGNED

The UNIQUE school satchel offers plenty of room for all required learning material with a storage space of 19 liters. Heavy books can be placed close to the back and stowed securely. Further accessories can be stowed in the front compartments. A large pocket on the side holds a key finder and also offers space for a water bottle. Should any liquids leak, the eyelets incorporated in the lower pocket area will save the day. The satchel also offers a water-repellent wet pocket on the side and an insulated front pocket with enough space for a lunchbox. The rain cover can be easily stowed in the zipped compartment of the hood. A drawstring locks the school supplies compactly stowed inside the satchel.

The click closure on the lid, which is easy to operate with one hand, offers a lot of fun. Super practical and worth mentioning is also the loop on the front of the satchel that enables clothes to be attached quickly.

### SIMPLY UNIQUE

Why "UNIQUE"? The new school collection has what it takes including the fun factor! The school satchel set allows for creativity and freedom to design with its pendant and the two removable patches. A wide range of different pendants, patches and fabric stickers are available separately, on different topics like sport, happy, space, planet etc. The creative accessories allow children to spruce up their satchel and school accessories in an individual and stylish way.
