

PLANT

Our trees are carefully planted in South America and Africa with sustainability in mind.

SELECT

We only select the best beans. All our farmers meet the Fairtrade social, economic and environmental standards.

PROCESS

Back in Belgium, we process the precious beans respecting low-carbon guidelines all the way.

CO2 NEUTRAL

This coffee is produced in a climate-neutral way. For more information visit www.co2-neutral-label.org

ABOUT

QUALITY COFFEE, CONSISTENT TASTE

Our coffee is composed of Arabica (80%) and Robusta (20%). Arabica gives our coffee its aromas and Robusta its body, power and strength.
