AMMI

SNACK & MOVE

HIGH PROTEIN SNACK

Fast food can also be good for us when it contains natural products and the most important nutrients. With their high protein content AMMI products are the perfect snack. Our body needs a serious dose of protein every day for all of our organs to function properly. Protein provides us with energy, participates in building muscle mass, improves brain function, boosts metabolism and helps fight excess weight.

Look around you! You can find us in the supermarket, at the gas station, in the small grocery store and at your local gym. Whenever you need a quick snack that will satisfy your hunger, give you a strong boost of energy, and delight you with its unique taste, get AMMI!

SNACK  **MOVE**

HIGH PROTEIN SNACK

Health comes first! All AMMI products are made from high quality ingredients, with full control of the production process. In AMMI MEAT BARS we use natural supplements rich in antioxidants, vitamins and minerals, which not only enhance the useful qualities of the product, but also add a unique taste! High in protein! Low in carbohydrates and sugar and in some of the products WITHOUT carbohydrates and sugar! All AMMI products are gluten free! KETO product - AMMI Porky Poprind is a great meal, suitable for people who follow a high-protein and low-carbohydrate diet. AMMI products do not contain artificial colors and flavors!

When you are on your way, add AMMI to your luggage. With its high quality packaging it is well protected and suitable for storage in almost any weather conditions, it can be opened easily and won't slow you down on your way to your favorite place. Don't ever stop!
