

Auto State Industrial Co., Ltd.

Performance kick starters, gearshift levers, and hardware for motocross bikes, street bikes, and motorcycles, and mechanic's tools

Auto State Industrial Co., Ltd. was founded in 1994 in Taiwan and today leads the highly competitive industry in manufacturing performance kick starters and gearshift levers for powered two-wheelers (PTWs).

Using the most advanced CNC machining centers and graphics software, the company also provides made-to-order motocross and street-bike parts including kick starters, gearshift levers, hardware, and mechanic's tools that are known for precision and durability.

With a commitment to R&D, production, and service, Auto State, in the knowledge that even the smallest part is critical to a motorcycle's overall performance, does its utmost to assure that its products meet all quality standards. The products are also stylish in appearance, innovative in design, strong in functionality, and made of ultra-light aluminum.

ODM MANUFACTURING CAPACITY

PROPER STORAGE MANAGEMENT

STRONG R&D TECHNOLOGY

Auto State exports 100% of its products under its own "Auto-State" brand, mainly to Japan, the USA, the UK, Italy, France, Spain, and the Netherlands. With annual revenues of US\$3.5 million, the firm guarantees the high quality of its products and the finest of customer services.
