PISTACHIO' S TORTELLINO

The finest milk chocolate meets a soft pistachio heart

Majani 1796 S.p.A. is the oldest chocolate producer in Italy, based in Bologna. For more than 220 years and 7 generations, it has been making its specialty from raw cocoa beans: **from bean to bar**.

In 2000, to celebrate the link with Bologna's territory, Majani 1796 has re-interpreted the Tortellino in a sweet version offering three delicious variations to satisfy all palates: white chocolate filled with milk cream, milk chocolate filled with milk cream and dark chocolate filled with cocoa cream.

In 2022, Pistachio's Tortellino entered the product range, a shell of fine milk chocolate that meets a soft pistachio creamy heart.

A surprising combination that satisfies even the most demanding palates.
