Canadian made, Naturally Delicious

Real Earth Bounty snacks and fruit are based on the three very simple concepts of Taste, Nutrition and Real Ingredients. Our desire is to create a Canadian made product that is an enjoyable, healthy alternative to standard snack and confectionery items and to distinguish ourselves from other brands that are ever present on our supermarket shelves.

Made from real, natural ingredients with no added nasties (artificial flavours, colours and preservatives), we have something for the whole family that can be enjoyed at any time of the day!

Real Earth Bounty offers multiple dried fruit, chocolate and yogurt covered products. The wonderful dried berries used are grown in Canada and are 100% all natural.

These delicious snacks are naturally sweetened avoiding corn syrup and have no genetically modified ingredients of any kind.

Made with clean ingredients, our snacks are Gluten free, certified Kosher, and in resealable "to go" pouches that are easy to carry. Real Earth Bounty offers delicious flavours that you are sure to love.
