NFEN

ORGANIC COTTON mattress

The natural sleep experience

The advantages of cotton:

- Natural textile fiber resulting from the recycling of clothing items
- Hypoallergenic fiber so little allergic reaction
- Good natural moisture regulator
- Good natural thermal regulator: comfort during summer because it is an excellent regulator as well as in winter because it retains heat
- Good natural air permeability allowing the skin to breathe
- Flexibility of the material to promote the notion of comfort and softness of touch
- Extremely resistant fiber with a life span of more than 50 years

Available in 2 sizes:
60x120x12 cm / 575600
70x140x12 cm / 575601
