OliVchicken®

chicken fed with
corn and olive oil

“ Not just another corn fed chicken.
It's the OliVchicken® ”

OliVchicken®

We proudly present the OliVchicken®

A unique chicken fed only with vegetable feed based on corn and pure olive oil.

A product from Greece, inspired by the mediterranean diet

The combination of olive oil and corn in its feed grants the OliVchicken® with a golden skin and meat, in addition with an exceptional taste and texture.

The innovation

Its unique diet with corn and olive oil provides a different texture and taste to the OliVchicken® meat and offers a product with health claims thanks to the high content in Selenium.

A chicken with health claims

Thanks to the high content in Selenium it contributes to:

- The protection of cells from oxidative stress
- Normal thyroid function
- Normal function of the immune system
- The maintenance of normal nails and hair
