Based in the heart of Switzerland – on the banks of Lake Sarnen, surrounded by a stunning, idyllic mountain landscape – the organic müesli pioneer bio-familia has been producing true Swiss müesli since 1954. We are experts in our field, with the care and dedication necessary to turn selected ingredients into the best müesli in the world. With the permission of the inventor of Bircher muesli, Dr Maximilian Bircher-Benner, the first organic Bircher muesli was produced in Sachseln in 1959 under the familia brand. To this day, familia represents carefully and sustainably produced müesli recipes from selected natural ingredients.

FUNCTIONAL FOOD PROTEIN PRODUCTS FOOD & BEVERAGES

We are an innovative young company based in Switzerland. Our strength lies in the development and marketing of functional food. In 2014, we were the first to produce a tasty milk-based drink combining numerous strong USPs: High protein, no added sugar, gluten free, lactose free & low fat. Based on its immediate popularity, we expanded our product range, always adhering to our principle of combining great nutritional value with great taste. Our range includes delicious products as protein bars, protein drinks, protein puddings and sugar- and calorie-free vitamin water.

SPECIALTY SAUCES AND HOT SAUCES GOURMET CONDIMENTS VEGAN BBQ SAUCES FOOD & BEVERAGES

No matter which of your dishes, our made in Switzerland best-seller will induce a goosebump moment. With smoky chilies from Mexico, fresh lime and a creamy mayo, Chipeño is what you're looking for. The hand-picked jalapeños are harvested as ripe as possible and then smoked over a wood fire, as the Aztecs did. This process gives the jalapeños their smoky and fiery flavor and turns them into so-called chipotles. In addition is gluten and lactose free.
