is a family-owned company that has been growing every year and trading figs for three generations in AYDIN.

We always make a difference with our experience of figs by buying figs directly from farmers. Our main aim is to combine our experience and tradition with the highest global standards of trading. We are always focusing on making differentiation and innovation like producing fig seed oil, fig delight, fig dragee, chocolate figs.

We try to develop new products because these innovative products are our social responsibility project of dried figs. Our factory is located at Aydin which the best figs of Turkey and the world grow up. It is installed on an area of 8,000 m2 which has a covered area of 3,500 m2, in our facilities, we are producing our products with the latest technology, and with professional personnel and teamwork.

## our mission.

To add value to life with our traditional and innovative product portfolio that we supply to food tables worldwide and with the importance we give to nature, health, and future generations

## our vision.

To provide the best service for our suppliers and customers, to take over an effective role at all stages of the supply chain, and to ensure that our brand one of the best brands in the worldwide dried fruit market.
