WOSTOK
PINE NEEDLE

Sometimes you can't see the forest for the trees, especially when it comes to a copse of firs in the former Soviet Union. This is reminiscent of the exceptional flavour of WOSTOK Pine Needle. Based on the original recipe from the 70's, this yummy soda is both aromatic and thirst-quenching. Now improved, it offers a more natural, less sweet taste than its vintage predecessor. Pine needle oil is liberally mixed with the magic of Taiga root to give it that little added zest. So pour it on.

WOSTOK
DATE-POMEGRANATE

Welcome to Uzbekistan, the land of fairytales and other folklore. Where the ancient Silk Road has brought carts laden with dates and pomegranates, white tea, fennel and aniseed since time immemorial. And you can taste them all in WOSTOK Date-Pomegranate, a mélange of the uncanny and the sophisticated, suitable for any fruitarian or anyone who loves those little bursts of fruity flavour. The result is sure to soothe the soul and enliven the spirit, as its delicious licorice notes dance on the tongue.

SAME GREAT FLAVOUR. JUST MORE POLITE.

For those with a more sensitive palate, introducing three new flavours certain to perk up your taste buds. This is the product of a more civilized approach to quenching your thirst for something different.

⇨ ⇨ ⇨ WOSTOK Mate (20mg/100ml caffeine)

Loved by fans across South America, Mate is the ideal alternative for those looking for a high-energy drink. It's especially enjoyed by the locals in Paraguay and Bolivia, and has most recently become all the rage in Germany and throughout Europe. Now WOSTOK is proud to present our own sparkling version of Mate, with a distinctly smoky flavor and strong caffeinated infusion. So why not try it out?

⇨ ⇨ ⇨ WOSTOK Cola Tamarind

WOSTOK Tamarind Cola will be one of the most distinctive and remarkable colas you'll experience. With the conventional cola tang you crave and the added zing of tamarind, designed to accent the flavour, for a yummy taste experience. Tamarind is highly prized in Southeast Asia, the Indian subcontinent and Mexico for its pungent aftertaste. The combination of cola and tamarind elevates the good times into a class all their own.

⇨ ⇨ ⇨ WOSTOK Cola ZERO

WOSTOK Organic Plum - Cardamom

Why not add a little sparkle to your palate with the fulsome yet tangy blend of WOSTOK Organic Plum-Cardamom? With the soothing character of ripe, juicy plums and the distinct taste that only cardamom can contribute, this is the height of true organic refreshment. And on top of that, it features 48% fruit juice, plus a dash of agave instead of refined sugar. It all adds up to the romance of the magic of twilight on a warm summer's eve.

WOSTOK Organic Pear-Rosemary

Nothing in this world can be as cool as a calm, collected pear. In fact, it's no surprise that it needs something to add a little sizzle to its even-handed temperament. Rosemary is the ideal candidate, having come from the warm climbs of the breezy Mediterranean. WOSTOK Organic Pear-Rosemary combines the two into one tempting experience, turning the ordinary into a celebration of life. With 35% fruit juice, it's a natural choice. So enjoy the best of both possible worlds.

WOSTOK Organic Orange - Vanilla

The ultimate in citrus delight, WOSTOK Organic Orange-Vanilla offers the exquisite joy of sweet oranges with the tart sourness of orange peel, tempered by genuine vanilla and the healing balm of wormwood. The result is a completely unique taste experience that can't be found in any other drink. There's just a hint of the tang of marmalade to really spice things up, as if they weren't racy enough. In fact, it might put goose bumps on your goose bumps!

WOSTOK Organic cola

WOSTOK Organic Cola is made with real cola nut extract directly from the mysterious country of Togo in West Africa. This delicious drink acquires its bite from the fusion of lime oil extract and galangal root. While most are familiar with lime, the galangal root may be less well known to some, due to its exotic flavor. Provide a foundation of the storied cola nut, mix everything together, and you have a surprisingly refreshing drink suitable for the best of tastes.

WOSTOK Blueberry - Sage

For a distinctly Nordic feel, look no further than WOSTOK Blueberry-Sage. This remarkable beverage conveys everything that is special about the North: the babbling brooks, the untamed wild, the glorious spring flowers. Drawing from the magnificence of the humble blueberry, it is seasoned with both the earthy and spiritual properties of sage. And because it truly is a blueberry drink, it comes with all the delicious benefits and refreshment that has made this berry a legend far and wide.

WOSTOK Tarragon - Ginger

Hailing from the rugged terrain of Georgia, WOSTOK Tarragon-Ginger was inspired by Pharmacist Mitrophan Laghidze combining tarragon and fizzy water in 1887, right after he learned to spell his own name. We have craftily added to this, pungent Ginger and other herbal notes, producing a taste so seductive it has transformed hearts and minds the world over. This thrilling - yet non-alcoholic - drink has actually been known to induce peals of laughter and cause riotous dancing.
