

SUNRISE INS Group Participates In Gulfood Dubai 2023

We are thrilled to announce our participation in the world's biggest annual food and hospitality show Gulfood2023 from 20-24 February in Dubai

Gulfood is the largest annual F&B sourcing event in the world, promising to come back more disruptive than ever before!

Bringing together F&B communities from across the world, the 28th edition of Gulfood is set to be exceptional, with global leaders and brands coming together under one roof to chart the way forward for the rapidly evolving F&B sector:

- 30% larger than in previous years, with over 5000 exhibitors from 125 countries
- An exciting line-up of 100+ industry thought leaders at Gulfood Inspire
- 20+ Michelin stars - the highest number of Michelin-starred chefs ever at Top Table.

The food industry has a huge role to play in helping reverse global trends including inflation and rising energy costs, and Gulfood will be the source of propelling sector conversations from agenda to action, bringing the industry together to drive the shift towards more sustainable food production and consumption, unveiling new products and innovations, and creating an international platform for business opportunities.

Realizing gulfood's vision and growth goals, **SUNRISE INS** did take a chance to become one of gulfood's food exhibitors this year.
