2B

2B Drinks consist of more than 50% fruit content combined with inspiring, vitalizing and relaxing vital substances and active ingredients. **Sustainable, fruity ... a real treat!**

What sets 2B drinks apart is their unique taste - full fruit, slightly sparkling with just a little carbon dioxide. Our sustainable 2B drinks do not contain any chemicals or added sugar * and keep their promises:

2B ACTIVE motivates & activates
2B RELAXED relaxes your system
2B HAPPY brings you positive vibes

The refined mixture of vital substances and ingredients and a fruit content of at least 50% is the basis for all our drinks.

[*no added sugar]

The multi-fruit functional drinks have been created by the Graz physician and member of the Austrian Anti-Aging Society, **Dr. Armin Breinl**:

"The idea was to produce drinks to absorb valuable vitamins and ingredients without having to swallow capsules and pills every morning. Our 2B Drinks meet the spirit of the time and taste of the consumers and are an important contribution to increase the quality of life."

The unique gin with real hemp from Styria impresses with its balanced and mild aromas of fresh juniper berries and its typical hemp note.

The Styrian gin with real hemp was selected as the **best Austrian gin** by an international jury in the "Contemporary Style" category at the World Gin Awards 2023 & 2021 in London.
