## C COMPANY

Established as a family business in the province of Verona in 1958, we have now expanded worldwide.

Since the early years, so many aspects of everyday life have changed for all of us.

By teaming the enthusiasm and knowledge of local produce of our founder with the potential offered by **technological innovation**, Citres is today a preserve company with a **high production capacity and low environmental impact** that sources and produces guaranteed, traceable products designed to make everyday life easier and tastier.

Our values can be summed up in **perseverance, innovation and a passion for what we do.**

Being passionate about our work is one of the secrets of our success.

## PRODUCTION and LOGISTICS

The storage capacity of the three warehouses is about 10.000 pallet slots, and during seasonal peak periods the company can manage orders of up to 40.000 packages a day, about 400.000 jars.

The finished product pickup area serves to make up and prepare orders for shipment, using innovative technologies such as the automatic transfer of orders to the warehouse and the management of the finished product at the site greatly reduces the time necessary to fill orders, guaranteeing domestic deliveries within 5 working days.

## GREEN ORIENTED

Citres undertakes to analyse and monitor the everyday activities of the company and the people involved in it, lowering environmental impact through a growing number of GREEN-ORIENTED actions.

We have improved a number of stages of our industrial processes

**Glassine disposal: the waste from our labels is reused to produce recycled paper and silicone**

**Production of BIOGAS green energy: the sub-products from the Citres manufacturing process are re-used to produce electrical and thermal energy**

**Steam recovery plant to heat the water necessary for the production process**

**Plant for the reuse of the water used at the end of the process to cool the pasteurizer**

**Development of easy-peel labels for cleaner separate waste collection**

**Production support from energy produced using a photovoltaic system**

We make small changes every day to improve the behaviour of everyone that forms part of our organization

**Citres flasks have replaced all the plastic bottles in the company**

**Adoption of bio-compostable cups and wooden stirrers for all the company's coffee machines**

**Use of FSC-certified paper**

## CERTIFICATIONS

Thanks to the Quality System certified to the **IFS** and **BRC** Global Standard for Food Safety, with procedures of control on the entire production process, we guarantee respect of the highest food safety standards and traceability. The purpose of these quality standards is to guarantee a common ground, accepted and known by international retailers and food industry to assure hygienic-sanitary and qualitative performances of producers.

**BRC  
GRADE A**

**IFS  
HIGH LEVEL**

## ORIGIN OF RAW MATERIALS

**We select countries based on the best-quality growing conditions for the raw materials.**

The different combinations of soil, sun and humidity in each geographical area has a major impact on the composition of the finished product.

**The study of the local areas guarantees extremely high-quality raw materials.**

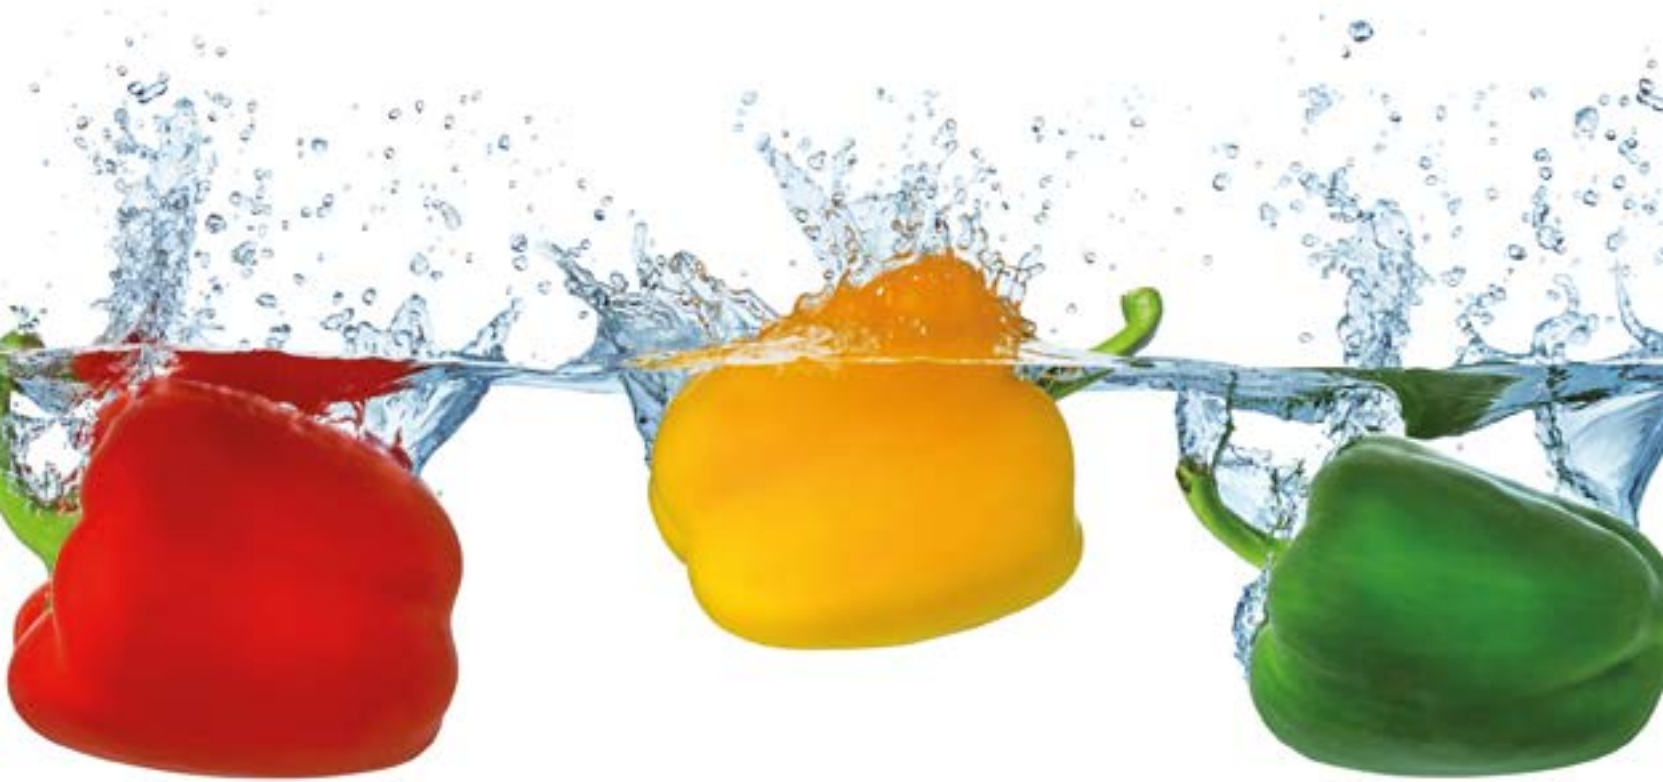

This is why the ingredients Citres purchases and processes come from different countries.

With their different latitudes and geographical characteristics, Italy, Spain, Turkey, Morocco, India and Tunisia are **able to grow produce of exceptionally high quality.**

## PRODUCTS PROCESSED WITH FRESH VEGETABLES

It is a point of pride for Citres that its products are always processed fresh, and all the products bear the label “**Made from fresh product**” which means that they are prepared using only fresh vegetables in season.

The calendar of the seasons is the best way to process fresh vegetables and pack them in jars to offer the finest quality in terms of flavor, aroma and crisp.

## IODIZED SALT

IN 100 g OF PRODUCTS

il **20%**\*  
of the daily iodine requirement

**SOURCE  
OF  
IODINE**

il **30%**\*  
of the daily iodine requirement

**HIGH  
IODINE  
CONTENT**

Citres is attentive to the well-being of consumers and is always looking for production-oriented solutions to improve recipes.

Some of our products are enriched with a very important nutrient: Iodized Salt. There are two types of products, those defined as **“SOURCE OF IODINE”**, containing 20% of the daily requirement of iodine per 100g of product, and those **“HIGH IN IODINE”**, containing 30% of daily iodine requirement per 100g of product.

Citres pickles are produced with Protected Iodized Salt, which keeps the iodine content unaltered even after cooking. Our products have a significant value of iodine, in line with a healthy and modern diet, for consumers attentive to taste and health. Source of iodine (REG CE 1924/2006).

**The only ones in oil with iodized salt.**

\*Adults daily reference nutritional values is 150 µg/die (micrograms per day)

## PRACTICAL IN THE KITCHEN

Citres Research and Development division is committed to looking for products whose usage is easier in the kitchen, increasing the service content and originality.

Quality products, ready-made to facilitate the preparation of dishes and to make everything tastier and faster. For lunch at work, in the office, for a trip out of town but even in time and last every day very useful products to prepare tasty and simple recipes, for quick, practical and healthy dishes.

**Ready-made olives in slices, dried tomatoes in fillets, Julienne salad, sliced aubergines, diced vegetables for cold rice.**

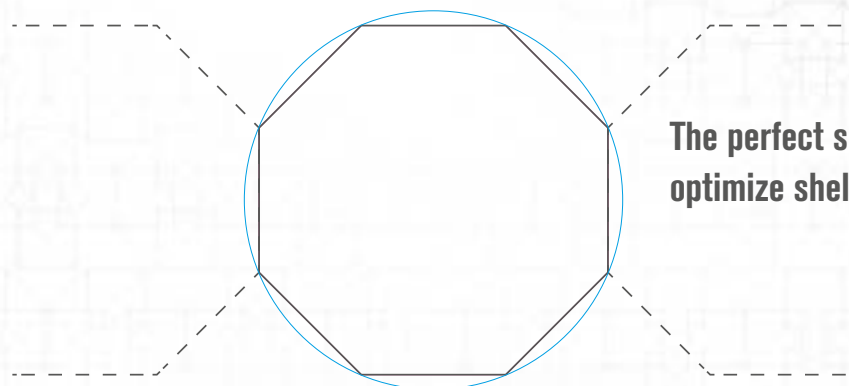

R RETAIL LINE

## THE ORIGINAL OCTAGONAL JAR

The perfect shape to optimize shelf space

**DEEP LID**

**HIGH EDGE**

- Comfortable to handle, easy to open and close

## TRANSPARENT, EASY PEEL-OFF LABEL

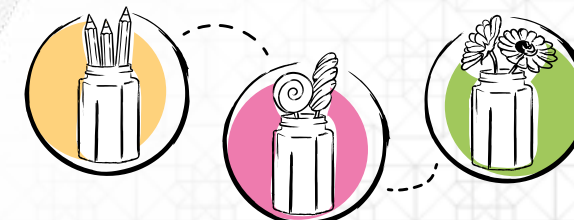

- Comes away easily.
- **DOES NOT LEAVE TRACES OF GLUE ON THE JAR**

- Makes it easy to separate plastic and glass, for more rigorous separate waste collection

- **Jars can be easily reused, boosting creativity. The octagonal jar becomes a precious product to reuse at home.**

- Jars can be re-used easily, boosting creativity. The octagonal jar becomes a valuable source for re-use in the home.

Horseradish With Wine Vinegar.  
it goes well with boiled beef,  
roast beef, grilled meats,  
seafood and eggs.  
**PRESERVATIVES FREE**

Horseradish's root or Cren has a slightly spicy and aromatic taste, it is used to prepare the typical Cren Sauce: a recipe of the culinary tradition of various Italian regions, especially in the cuisine of Veneto, Piemonte, Trentino, Friuli and Emilia Romagna. Known and used also abroad (Austria, Hungary, and Germany), it accompanies boiled meat, roast-beef, grilled meats, fish, and eggs.

**Citrus proposes grated Cren with wine vinegar, without added thickeners, guaranteeing a unique and original taste.**

Sun-dried tomatoes, flavored with oregano, garlic, and chili pepper

This is the most classical bouquet of vegetables in oil, with a tasty, appetizing flavor. It can be used as an excellent vegetable antipasto or as a side for cold dishes

PRODUCTS PROCESSED FRESH

100% ITALIAN artichokes, processed fresh in April and May

Size 40/50 pcs/kg

The artichokes are trimmed by hand, leaving the stem intact, which makes this product unique. They are entirely processed fresh and flavored with spices like parsley, mint, basil and garlic

Eggplant cut in strips and flavored with oregano and garlic

STRIPS
