FINISHED PRODUCTS

ROASTED PEANUTS

Unique in our country, of great size and particular flavor.

It is grown in privileged geographical areas with special care from the selection of each seed.

SALTED PEANUTS

The exclusive ecological conditions of the central region Argentina enables the production of premium peanuts as our Virginia.

INSHELL PEANUTS

Thoroughly selected, roasted in its original shell, the Virginia peanut gives us the traditional ritual of breaking and eating.

PEANUT PASTE

Two tablespoons of peanut paste contain 8 grams of protein and between 2 and 3 grams of fiber. In addition, it offers vitamins and minerals, including vitamin B or niacin, iron, potassium and vitamin E.

PEANUT BUTTER

Peanut butter is rich in heart-healthy fats and is a good source of protein, which can be useful for vegetarians who want to include more protein in their diets.
