

Table-Top Tyer

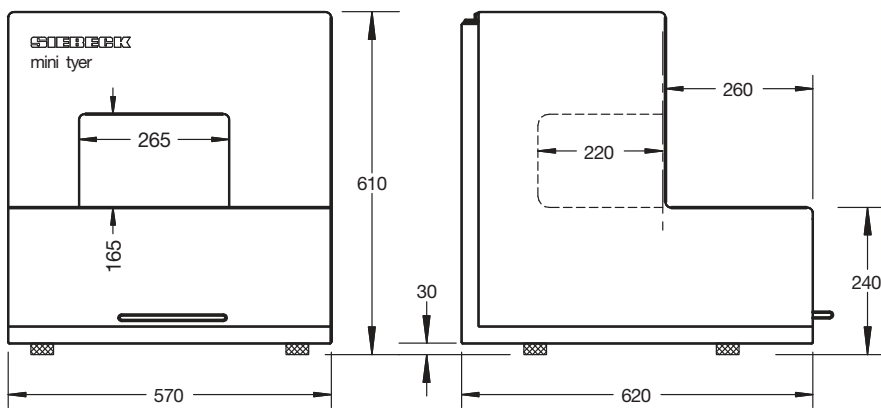

Specifically designed for retail use, the FRS Mini Tyer is the perfect machine for super markets, butcher shops and all retail outlets. Reduced size and smaller price do not however mean compromised performance.

Standard Features include:

- PLC controller
- Low noise reliable electronic motors
- Up to 37 strings/min
- Selector switch for 1,2,3 and cross tying
- Works with polycotton or elastic roasting twines
- Fully Stainless-Steel construction
