Random orbit sander OS5010

The adjustable speed from 4000 to 12000 rpm

BLAUPUNKT OS5010 eccentric grinder is a compact and easy-to-use machine with an ergonomic design ideal for all carpentry work and renovation. Its 300 W rated motor ensures stable and reliable operation of the unit, while the adjustable speed from 4000 to 12000 rpm guarantees high productivity and the appropriate speed adjustment to your workpiece. The two-millimetre diameter of the oscillating movement, combined with the free rotating movement, allows for efficient and precise machining of the material to be ground. 125 mm disc with Velcro fastening allows the sandpaper to be changed quickly and easily. Due to the extraction system including a dust container, your workplace will always remain clean and healthy.

The set also includes 12 interchangeable sandpaper discs

The included adapter will allow you to connect a vacuum cleaner, greatly improving dust extraction. The rubberised Softgrip casing effectively reduces vibrations from the unit and the contoured long grip provides greater comfort. The set also includes 12 interchangeable sandpaper discs of different grit sizes, making the OS5010 ready to use immediately after purchase.

Technical specification:

- Rated power: 300 W
- No-load speed: 4000 12000 rpm
- Disc diameter 125 mm
- Oscillating motion diameter 4 mm
- Velcro-type sandpaper mounting function
- Dust collection function
- Power cable 2 m
- Speed control function
- Voltage 230 V ~ 50 Hz
