

## Press Release

PROFESSIONAL RESULTS MADE EASY

# Introducing Mechanical Tool Sets and Comfort Grip Ratchets

SATA has launched a new line of mechanical tool sets. Available in three sizes, the sets are equipped with all essential tools required for professional results. Containing the innovative comfort grip ratchet collection featuring a quick-release mechanism for rapid socket removal, a 72-tooth design for a 5° swing arc, and a flush-mounted reversing lever to switch directions effortlessly, without releasing the ratchet.

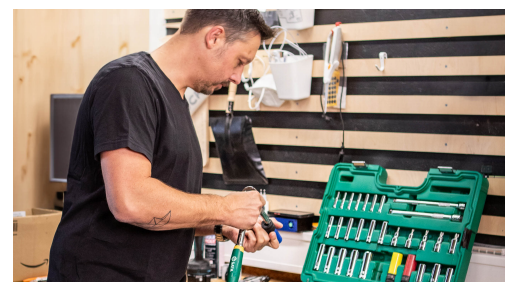

### Professional Results with Ease

From the 56-piece 1/4" Construction Tool Set, the 104-piece 1/4" and 1/2" Metric Tool Set, to the 180-piece 1/4", 3/8" & 1/2" Drive 6 Point Metric Socket Set, all new SATA MHT sets are designed to be trusted companions in the workshop, covering precision tasks and heavy-duty challenges alike.

Whether customers need a versatile tool set for most repairs or a comprehensive specialized set for mechanical tasks, the new line of SATA MHT Sets features all essential tools to get the job done efficiently.

### Ease of Use

Large markings offer easy size identification. Each tool is heat-treated for long-lasting durability. The tools' bright, full-polish chrome finish easily wipes clean and resists corrosion. Constructed from high-quality materials with durability in mind, and housed in a durable storage box, all of the tools meet or exceed DIN and ASME standards and are covered by the SATA lifetime warranty.

### Key Features SATA MHT Sets

- Sets in 3 sizes
- Comfort Grip Ratchet with quick-release design allows rapid socket removal
- 72-tooth design requires as little as 5° of swing arc to move a fastener
- Sockets feature an off-corner loading design to reduce fastener rounding
- Durable mold case
- Lifetime warranty

### 56 Pc. 1/4" Construction Tool Set

Get your work done effortlessly with the new SATA 56-piece 1/4" Construction Tool Set. The comprehensive set contains all the essential tools needed for most vehicle repair and construction projects

### 104 Pc. 1/4" and 1/2" Metric Tool Set

Whether you're a maintenance professional or an automotive enthusiast, the SATA 104 pc. Tool Set helps you get the job done as efficiently and safely as possible. This versatile tool set contains a broad variety of tools needed for most repairs in shops and vehicle maintenance.

### 180 Pc. 1/4", 3/8" & 1/2" Drive 6 Point Metric Socket Set

The most comprehensive and specialized set of the new line of SATA MHT Sets offers a wide selection of tools for mechanical repairs, featuring sockets with off-corner loading design, both standard and deep sockets to reach more fasteners as well as 17, 19, and 21mm protected impact sockets that can be used with impact drivers for quick and safe tire changes.

### SATA Comfort Grip Ratchets

Designed with accessibility in mind, the SATA ratchets feature a teardrop, low-profile head, and a flush mounted on/off switch, enhancing access to tight spaces. The increased handle length offers more torque and access, while the dual-material construction ensures a comfortable and ergonomic grip. Customers can choose the size that suits their needs (1/4", 3/8", 1/2") or opt for the complete set, including three ratchets, to unlock versatility for any project.

### Key Features

- Quick-release ratchet for easy socket removal
- Flush reversing lever for convenient single-hand direction change switch
- 72-Tooth design requires as little as 5° of swing arc to move a fastener
- Teardrop, low-profile head allows for better access in tight spaces
- Chrome Vanadium Body
