

RONIX 2210C ELECTRIC IMPACT DRILL

A HIGH-POWER, COMPACT, IMPACT DRILL

ANOTHER ITEM ON THE RONIX COLLECTION TO STEAL THE SHOW AT THE EISENWARENMESSE IS THE RONIX 2210C ELECTRIC IMPACT DRILL. AS A LIGHTWEIGHT, HIGH-POWER OPTION OUT THERE, THIS TOOL WILL PROVIDE THE USER WITH INCREDIBLE DRILLING PERFORMANCE AND IS CONSIDERED A TOP-OF-THE-LINE PRODUCT IN THE INDUSTRY.

A Powerful Motor for Heavy-Duty Tasks

The Ronix 2210C Electric Drill is suitable for heavy-duty applications due to its highly powered motor that offers 810 Watts, a no-load speed of 0-3000 RPM, and a 220-240 V and 50-60 Hz power outlet. This high-resistant motor is designed following world-class standards.

Efficient Impact Drilling Mechanism

This device is capable of an impact drilling mechanism, delivering a maximum impact rate of 48000 BPM. This enables the Ronix 2210C to hammer drill into the toughest of surfaces.

Ronix®

Premium Quality

Two Ball Bearings to Bear the Strain

What makes this device stand out among its peers, is the use of two ball bearings connecting the shaft to the chuck, increasing the strength and resistance in the impact mechanism. This, in the long run, protects the device from wear and tear.

Compact and Set for Big Tasks

The Ronix 2210C electric impact drill is considered lightweight compared to its peers and provides convenience during long working hours. This comfort is multiplied due to the existence of a 360° rotating ergonomic side handle that minimizes vibration and lets you work for longer hours. Using this tool, you can perform all kinds of drilling and impact drilling applications in different materials.
