We proudly announce that Ronix is set to present its latest tools and innovations at the world's largest hardware fair, Eisenwarenmesse. This marks the new stop in our global tour, which commenced in Canton, Guangzhou, China, and continued with the Big Five Global in Dubai, UAE.

With over 20 years of experience in the market, Ronix offers an extensive variety of high-quality and yet affordable solutions for professionals, DIYers, and homeowners alike. Utilizing cutting-edge technologies and innovative techniques, Ronix takes a shortcut to the future to fulfill the needs of efficiency enthusiasts who demand the best. With more than 2000 types of tools and

34,000 kinds of spare parts, this super brand orchestrates a medley melody of diversity to ensure there's something for every need.

As a manufacturer and supplier that has found a rightful spot in tool stores in more than 90 countries worldwide, Ronix has three offices in Germany, China, and the U.A.E., referred to as global hubs for technology, trade, and production. This serves as a testament to our commitment to supporting our customers wherever they are.

In line with this borderless mindset, we initiated a global tour in 2023 to showcase the quality and variety of our tool collections at renowned trade shows worldwide. Our stands at these events serve as hubs where business networks flourish, connections are made, and deals are successfully struck. Distributors and importers can delve into Ronix's catalogues, explore price lists, and discuss the process of placing orders, shipment, and delivery.
