

## **EUREKOR: A New Star from Taiwan Hand Tool Industry Is Joining EISENWARENMESSE – INTERNATIONAL HARDWARE FAIR 2024 to Make Its First Official Appearance**

The brand is a new chapter of an established hand tool provider Superior Union from Taiwan. With nearly 30 years of experience in the industry, Superior Union has provided high quality MIT products and extensive services to clients worldwide.

We are proud to announce its official launch. In the future, EUREKOR will continue the legacy by providing fine products and supportive services, and building up strong partnerships with our clients.

Taiwan, as a global hub for hand tool manufacturing, has seen consistent growth driven by skilled craftsmanship, technological advancements, and a dedication to top-tier products.

EUREKOR, with its roots embedded in this thriving industry hub, is poised to elevate the standards for hand tools, presenting a compelling option for clients seeking excellence and reliability in their tools.

On the right shows one of our core products:  
**35pcs 1/2" Dr. Sockets and Combination Wrench Set**

This set, including 10 wrenches and 18 sockets, is an ideal toolkit for users. Most important of all, with superior quality, it ensures better working efficiency.

### **About EUREKOR**

EUREKOR is a combination word of 'EUREKA', meaning I found it and suffix '-OR', referring to a role that people take on. We hope that our clients also have this 'I found it' moment from EUREKOR when finding the tools that you are looking for.
