

New for 2024, 350g Gifting Toffee Treats

Specialist family toffee makers Walker's Nonsuch are set to launch brand new 350g toffee gift boxes in three flavoursome varieties including Assorted Toffees and Chocolate Eclairs, Salted Caramel and Lovely Liquorice - and toffee lovers are very excited.

Carefully designed to reflect the quality of product inside, the gift boxes are individually colour coded and finished with a rich foil decoration. Since 1894 the Walker family have been making toffee using just good ingredients like whole milk and butter, and premium chocolates. Each toffee is twist wrapped in metallised film, making them attractive to the eye and ensuring each toffee maintains its freshness and shape.

Sisters and best friends Katie and Emma, great granddaughters of the founder Edward Joseph, head up the 130-year-old company with fifth generation family members involved in making England's finest toffee too. Focus remains on developing the Walker's Nonsuch brand, the quality of the product and packaging which jumps off the shelves and into the carts of consumers.

Recyclable packaging, vegetarian friendly and free from artificial colours, preservatives, and gluten, Walker's Nonsuch makes delicious and delightful toffee for all.

***Tastings every day from Walker's Nonsuch in
Hall 4.2, stand number K020.
See you there!***
