

# the new M.2

MAST Swiss Design presents its new M.2 - Your must have! New textiles, new frame finish, new colors, up to 22kg and an upright backrest position...but still a lightweight stroller!!

Are you looking for a stroller that you can fold and unfold with just one hand, that is easy and quick to store and is also a convenient solution for your family? The M.2 buggy is our ideal companion for strolling and traveling. Thanks to its light weight, you can use it when traveling by train, car or plane: its small size when folded makes it easy to transport as hand luggage. Visit our website and your nearest retailer to discover the new M.2
