Operating in over 30 countries and serving more than 50 million users globally, Bc Babycare continues to set the standard in baby care excellence.

Products on Display

Bc Babycare will showcase several innovative products at Kind + Jugend 2024, including:

Featured Product: Bc Babycare Anti-Colic Nursing Bootle Designed For Newborns, Double Anti-Colic

- 1. Double Anti-Colic: Patented base vent and 13° titled nipple keep air and liquid separate, reducing air intake during feeding.
- 2. 15° Softness Nipple: Co-developed with WACKER silicone for a breastfeeding-like feel.
- **3. Controlled Nipple Flow:** Nipple adjusts to baby's sucking strength and stops when they fall asleep, preventing choking.
- **4.Multi-Use for Growing Babies:** Removable bottom cover allows formula prep from both ends, with a storage lid for snacks or purees.
- **5. Pure Glass Material:** Heats milk fast, fully detachable, and dishwasher-safe for easy cleaning.
