产品介绍

Steam Sterilizer And Dryer

WX-968E

220-240V~ 50-60Hz 700W (Sterilizing) / 190W (drying)

- Digital Steri-dryer with easy-touch panel
- Ergonomic upward-facing operation panel design
- Large capacity to hold 6 baby bottles & pacifiers at one time
- **Multi-functional:** built-in Auto (sterilize & dry) / Sterilize Only / Dry Only / Storage / Preset functions:
 - ★ **Auto:** sterilizing first, then drying
 - ★ **Sterilize:** sterilizing only. About 15 minutes steam disinfection to eliminates 99% of bacteria
 - ★ **Dry:** dring only. The drying time is adjustable from 15mins to 90 mins.
 - ★ **Storage:** the machine will dry for 5 minutes every hour. Adjustable storage time is 12-72 hours.
 - ★ **Preset:** preset sterilizing or drying or auto start time.

WX-968G

220-240V~ 50-60Hz 700W (Sterilizing) / 190W (drying)

- Easy to Use: One Button Operation and a Mechanical Knob
- Large capacity to hold 6 baby bottles & pacifiers at one time
- **4 working modes:** Sterilize Only / Dry Only / 45mins Auto / 60mins Auto
 - ★ **Sterilize:** about 15 minutes steam disinfection to eliminates 99% of bacteria
 - ★ **Dry:** dring only. no need adding water for this mode
 - ★ **45mins Auto:** 45mins cycle to finish the sterilizing + rapidly drying
 - ★ **60mins Auto:** 60mins cycle to finish the sterilizing + thoroughly drying

Super Fast Steam Sterilizer And Dryer

Updated version: with water tank

Super Fast Steam Sterilizer And Dryer

220-240V~ 50-60Hz 750W (Sterilizing) / 370W (drying)

- **30mins fast Auto working cycle:** finish sterilizing + drying cycle in 30mins
- **4 IN 1 function:** Auto (sterilize & dry) / Sterilize Only / Dry Only / Storage
- Digital Steri-dryer with Easy-touch panel
- Large capacity to hold 6 baby bottles & pacifiers at one time
- **Updated version:** Auto pumping water steri-dryer - with water tank at the back of the base
 - ① Auto pumping precise water amount from tank to the heater basin, saving measuring job each time
 - ② One water tank of water can support 3 cycles of sterilization

Super Fast Sterilizer And Dryer

Updated version: with water tank

Super Fast Steri-dryer WX-979

220-240V~ 50-60Hz 1000W (Sterilizing) / TBD (drying)

- **20mins super fast Auto working cycle:** 6 mins sterilizing + 14 mins drying
- **4 IN 1 function:** Auto (sterilize & dry) / Sterilize Only / Dry Only / Storage
- Digital Steri-dryer with Easy-touch panel
- Large capacity for 11 narrow neck bottles or 6 wide neck bottles, breast pump parts and baby essentials such as pacifiers, spoons, toothbrushes, etc.
- **Updated version:** Auto pumping water steri-dryer - with water tank at the back of the base
 - ① Auto pumping precise water amount from tank to the heater basin, saving measuring job each time
 - ② One water tank of water can support 3 cycles of sterilization

Bottle Warmer

WX-925

220-240V~ 50-60Hz 300W

- **Auto Water Refill:** bottle warmer with 150ml water reservoir, can support warming multiple bottles, no need refilling water after every warming
- **Intelligently Heating:** automatically warms the milk to the optimum temperature, based on your selections of bottle type, milk volume, and initial temperature.
 - ★ Bottle Type: PP bottle / Glass bottle / Silicone Bottle
 - ★ Milk Volume: 1-3oz / 4-6oz / 7oz +
 - ★ Milk initial Temperature: Room / Refrigerate / Frozen
- **Memory Function:** recalls your last settings, minimizing repetitive works
- customizable heating time increments or decrements by “+” and “-” buttons
- **Anti-dry Burning:** automatically shuts off when water runs out
- Quickly and safely warm milk by using hot steam

WX-925B

220-240V~ 50-60Hz 300W

- **Upgrade easy-touch panel**
- Steam cap with lifting handle design to prevent burning
- **4 functional modes:** Quick warming / Bath warming / Food Heating / 24h keeping warm
- **Intelligently Heating:** preprogrammed warming cycle based on your selections of bottle type, milk volume, and initial temperature.
 - ★ Bottle Type: PP bottle / Glass bottle / Silicone Bottle / Pouch
 - ★ Milk Volume: 1-10oz optional
 - ★ Milk initial Temperature: Room / Cool / Cold
- **Memory Function:** recalls your last settings, minimizing repetitive works
- **Auto Shut off:** automatically turns off when milk is ready

Bottle Warmer

WX-926

220-240V~ 50-60Hz 300W

- **6-in-1 Double Bottle Warmer** : can warming 2 bottles at the same time
- Easy touch panel & Digital display
- Teflon coated heating plate
- Warming milk steadily to perfect temperature
- Multi-functional : warming milk, making formula, unfreeze, Heating food, Sterilizing bottles, Steam cooking
- With bracket accessory for better heating and steam cooking
- Food grade PP material & BPA Free

Baby Instant Warmer

WX-8828T

220-240V~ 50-60Hz 800W

- Large and smart touch panel, user-friendly
- 1.2L explosion-proof glass pot
- 304 Stainless steel Heating plate
- Multi-functional: Boil / Keep warm / Dechlorination (DCI) / Preset / Night light
- 24-hour Keeping warm at setted temperature all day and night
- + / - buttons to adjust the temperature you want
- Memory function: remembers your last temperature setting
- Anti-dry burning: auto shut-off when the water is dry out
- Not only for the formula making, but also perfect match for coffee, Tea, oatmeal and much more

WX-8829T

220-240V~ 50-60Hz 800W

- Knob control
- 1.2L explosion-proof glass pot
- 304 Stainless steel Heating plate
- 24-hour Keeping warm, let you feeding at night easily.
- Anti-dry burning: auto shut-off when the water is dry out
- With inner cooling fan can save ¼ cooling time
- Not only for the formula making, but also perfect match for coffee, Tea, oatmeal and much more.
- Food grade material & BPA Free

Baby Instant Warmer

WX-8830T

220-240V~ 50-60Hz 800W

- Smart easy-touch panel
- 1.2L explosion-proof glass pot
- 304 Stainless steel heating plate
- Adjustable temperature control
- 48-hour Keeping warm, let you feeding at night easily
- Memory function: remembers your last temperature setting
- Anti-dry burning: auto shut-off when the water is dry out
- Quickly heating the water to the perfect temperature you want, let you making formula at any time
- Not only for the formula making, but also perfect match for coffee, Tea and much more.

WX-8838T

220-240V~ 50-60Hz 800W

- Smart easy-touch panel
- 1.2L explosion-proof glass pot
- 304 Stainless steel heating plate
- Soft night light, to feed your baby at night easily
- Multiple preset menu: Coffee, Tea, Formula, Keep Warm, Sterilize, Stew...
- Multi-fuctional: formula making, formula warming, bottle sterilizing, stew food.
- 48-hour keeping warm at setted temperature all day and night
- With inner cooling fan can save $\frac{1}{4}$ cooling time
- **With Accessories:** stew bracket & cover, glass stew cup

Formula Maker

WX-801B

220-240V~ 50-60Hz 900W-1070W

- 1.35L water tank
- Easy touch control panel with LED indicators
- Three water temperature selections: 22°C/37°C/42°C
- 60ml ~300ml water volume selections
- 1-10 levels milk concentration selections
- Automatically mixes formula and water to perfect consistency
- Works with virtually all formula brands and bottle sizes
- Clean the funnel after every 4th bottle

Baby Food Mini Chopper

WX-308

220-240V~ 50-60Hz 200W

WX-302

220-240V~ 50-60Hz 200W

- Two Appearance options: Top button difference
- 0.5L capacity chopping bowl
- Easy push down button for quick chops
- Transparent glass bowl, easy to view the chopping status
- 3 S-shaped stainless steel blades: Upper, middle and lower triple layers chopping
- Non-slip rubber mat
- Detachable design, easy to clean
- Great for chopping, blendering, mixing and more

Baby Food Warmer (Bowl)

WX-2010

DC5V-2A / DC9V 2A 7.4V/2500mAh Li-batteries 18W

- Two options: Fast charging / No fast charging
- Funny Spaceman Design
- Digital Display and easy-touch panel
- 400ml SUS316 bowl
- IPX7 waterproof for easy clean
- Rechargeable: magnetic suction charging port
- With spoon and fork storage box, hanging on the back of the bowl
- 38°C/43°C/48°C three keeping warm temperature selections, works for four seasons
- 65°C Pasteurization sterilization function
- Silicone non-slip Sucker

WX-2011

DC5V-2A 7.4V/2500 mAh Li-batteries 20W

- Digital Display and easy-touch panel
- 470ml SUS316 bowl
- IPX7 waterproof for easy to clean
- Rechargeable: DC round charging port
- 40°C/42°C/45°C three keeping warm temperature selections, works for four seasons
- 65°C Pasteurization sterilization function
- Yogurt function (need connecting charging cord)
- Silicone non-slip Sucker

Baby Food Warmer (Plate)

WX-2017A

DC5V-2A/DC9V-2A 7.4V/4400mAh Li-batteries 30W

WX-2017 (With charging base)

DC5V-2A 7.4V/4400mAh Li-batteries 30W

- Two options: With/Without charging base
- Digital Display and easy-touch panel
- 300ml SUS316 bowl
- IPX7 waterproof for easy clean
- Rechargeable: wireless charging (with charging base) / DC round charging port (no charging base)
- 40°C/45°C/50°C three keeping warm temperature selections, works for four seasons
- 65°C Pasteurization sterilization function
- With Yogurt function (need connecting charging cord)
- UVC sterilization & drying function: Upside-down the bowl onto the charging base (15mins sterilization & 1h drying)
- Separate rice & dishes, keep the food fresh and tasty

Milk Shaker

WX-2019 (Square)

DC5V-2A 3.7V/1200mAh Li-Battery 10W

- Easy-touch panel
- Rechargeable: USB Type-C charging port
- 360° uniform rotation & reversible rotation, making milk without bubble and clump than manual shaking
- 1mins/3mins/8mins three shaking time selections, works for all formula brands
- Upgrade “Keep warm” Function: 40°C keep warm for 12 hours (need connecting charging cord)
- Soft nightlight & Noise reduction design, quiet and comfortable
- Detachable design, easy to clean

WX-2015 (Round)

DC5V-3A 3.7V/1200mAh Li-Battery 15W

- Easy-touch panel with digital display
- Rechargeable: USB Type-C charging port
- 360° uniform rotation & reversible rotation, making milk without bubble and clump than manual shaking
- 1-20mins shaking time adjustable, works for all formula brands
- Upgrade “Keep warm” Function: 40°C keep warm for 12 hours (need connecting charging cord)
- Soft nightlight & Noise reduction design, quiet and comfortable
- Detachable design, easy to clean

Portable Water Warmer

WX-2020

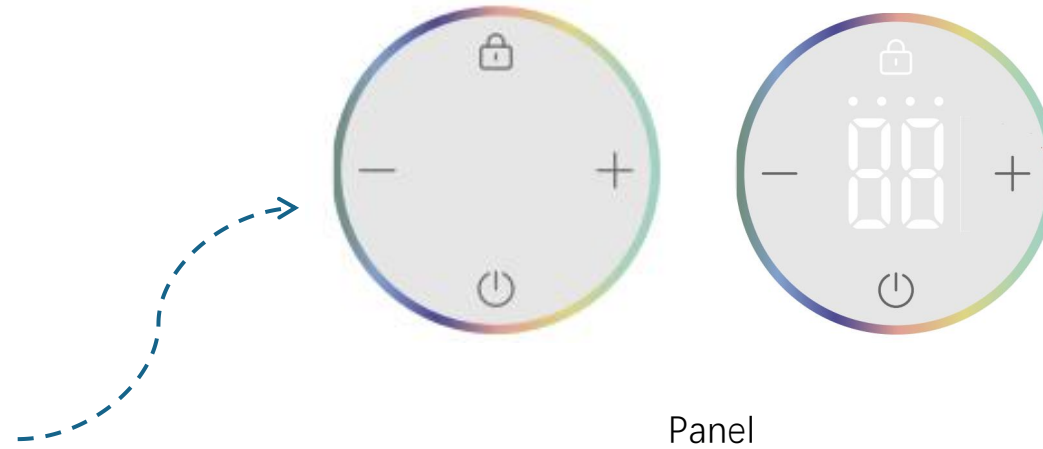

DC5V-2A / DC9V-2A 7.4V/5000mAh Li-batteries 40W

WX-2024

- Two housing options: SUS housing, Painting housing
- 500ml perfect capacity
- Double Wall vacuum cup : SUS316 (Inner) & SUS304 (Outer)
- Rechargeable: USB Type-C charging port, supporting a variety of charging ways
- 5 temperature selections: 37°C/40°C/45°C/50°C/55°C
- Quickly heating the water to your selected temperature and keep warm, perfect for formula making on the go
- 65°C pasteurization sterilization function
- With child lock function
- Fast Charging in 3 hours

Portable Water Warmer

WX-2022

DC5V-2A / DC9V-2A 7.4V/5000mAh Li-batteries 55W

- 360ml perfect capacity
- Double Wall vacuum cup : SUS316 (Inner) & SUS304 (Outer)
- Rechargeable: USB Type-C charging port, supporting a variety of charging ways
- 37-55°C adjustable setting temperature
- Quickly heating the water to your selected temperature and keep warm, perfect for formula making on the go
- With child lock function
- Fast Charging in 3 hours

Cooling Flask

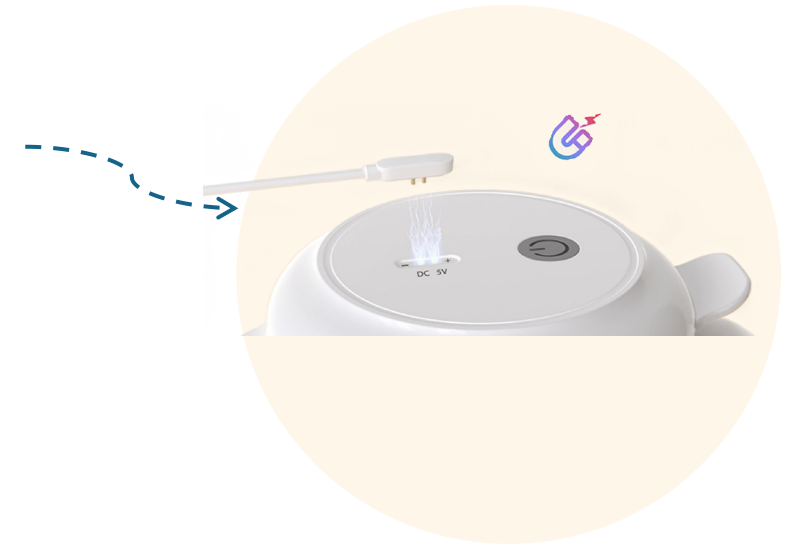

cup lid

Cooling Flask

- **Perfect Compact Size:** 250ml capacity
- **Super fast cooling:** cool down your baby's formula milk from boiling to 42°C in just 2mins
- **Easy-to-read digital displays:** When the milk is ready at perfect temperature to feed, the icon will turn to blue.
Red means water over 60°C, Amber means water 43~60°C, Blue means 40~42°C.
- **Easy to clean:** steriliser and dishwasher-safe while the digital lid is safe for UV and cold-water sterilisation

Formula Mixer

WX-2016

DC5V-2A 3.7V/1200mAh Li-Battery

- Hands-free mixing
- 32oz big capacity, enough for multiple feedings
- Rechargeable: magnetic suction charging port
- IPX5 Waterproof top cover, easy to clean
- One button operation, easy to use
- Mixing milk without air bubbles and clumpings than manual mixing, healthy to your baby
- Not only for milk mixing, but also for shakes mixing and drinks mixing

THANKS!
