Experience Tri d'Aix's concentrated confectionery expertise with this product display

Optimized for space on a quarter pallet, our display offers everything you need to be a real eye-catcher. We have made use of the wide range of our products and have put together an assortment that level by level leaves nothing to be desired.

It's as if the best of a well-stocked kiosk had been put together in a small space. Everything that children love is represented - from classics like Mampfi®, to evergreens like Flic'n'lic, trendy sour candies, to nostalgic confectionery that adults love as well.

The mixture of chewing gum, fruit gum, hard caramels, edible paper and "Naschwatte" makes not only children's hearts beat faster.

Find out more about our new quarter pallet full of special confectionery and visit us at our stand A10 in Hall 10.2
