

Mega Chips: Redefining Snacking, One Crispy Bite at a Time

Hall 11.2, Stand D071

Mega Chips - the potato chips designed for modern snackers who crave both flavor and mindful choices.

Crafted from premium natural ingredients, Mega Chips offer a unique twist with their signature long shape and innovative cooking method. Unlike traditional chips, these are steamed in sunflower oil for a mere 8-10 seconds, locking in flavor while keeping them delightfully crispy and light. Plus, with no palm oil in the mix, they're as responsible as they are irresistible.

Mega Chips brings a world of flavors to your fingertips. Classic fans will love staples like Natural and Sour Cream and Cheese, while adventurous foodies can explore bold options such as Kebab, Lobster, Lemon Chili, and Thai Pepper.

Why is everyone buzzing about Mega Chips?

Wellness First: NON-GMO, palm oil-free, and HALAL.
