

LLP "Tsin-Kaz" was founded in 1998. The company specializes in the production of tomato paste, salads, sauces, and ketchups. Its products are distributed throughout all regions of Kazakhstan, and the company holds a leading position in the fruit and vegetable canning industry in the country.

For the production of tomato paste, ketchups, and sauces, high-quality tomato concentrate as well as fresh, carefully selected vegetables are used. All products are made according to proprietary, approved recipes. The quality of the products is monitored by the company's in-house laboratory and accredited external laboratories.

The production process uses 65% locally sourced Kazakhstani raw materials. For over 25 years, LLP "Tsin-Kaz" has been a market leader in Kazakhstan in the production of tomato paste, holding a market share of over 40%.
