Established as a family business in the province of Verona in 1958, we have now expanded worldwide. Since the early years, so many aspects of everyday life have changed for all of us. By teaming the enthusiasm and knowledge of local produce of our founder with the potential offered by **technological innovation**, Citres is today a preserve company with a **high production capacity and low environmental impact** that sources and produces guaranteed, traceable products designed to make everyday life easier and tastier. Our values can be summed up in **perseverance, innovation and a passion for what we do**. Being passionate about our work is one of the secrets of our success.

GREEN ORIENTED

Citres undertakes to analyse and monitor the everyday activities of the company and the people involved in it, lowering environmental impact through a growing number of GREEN-ORIENTED actions.

We have improved a number of stages of our industrial processes:

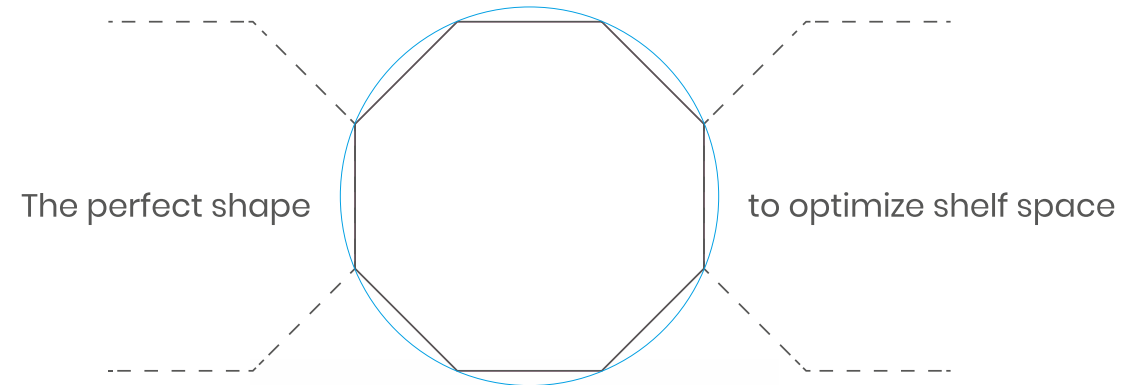

- Glassine disposal: the waste from our labels is reused to produce recycled paper and silicone
- Production of BIOGAS green energy: the sub-products from the Citres manufacturing process are re-used to produce electrical and thermal energy
- Steam recovery plant to heat the water necessary for the production process
- Plant for the reuse of the water used at the end of the process to cool the pasteurizer
- Development of easy-peel labels for cleaner separate waste collection
- Production support from energy produced using a photovoltaic system

We make small changes every day to improve the behaviour of everyone that forms part of our organization:

- Citres flasks have replaced all the plastic bottles in the company
- Adoption of bio-compostable cups and wooden stirrers for all the company's coffee machines
- Use of FSC-certified paper

THE ORIGINAL OCTAGONAL JAR

DEEP LID

HIGH EDGE

Comfortable to handle,

easy to open and close

TRANSPARENT, EASY PEEL-OFF LABEL

- Comes away easily
- **Does not leave** traces of glue on the jar
- Makes it easy to separate plastic and glass, for more rigorous separate **waste collection**
- Jars can be easily **reused**, boosting creativity
- Jars can be reused easily, boosting creativity. The octagonal jar becomes a valuable source for reuse in the home.

CERTIFICATIONS

Thanks to our Certified Quality Systems, **IFS and BRC Global Standard for Food Safety**, and control procedures throughout the entire production process, we ensure compliance with high standards of food safety, authenticity, and traceability.

These standards are designed to provide a common foundation, recognized and accepted by international retailers and the food industry, to guarantee the quality and hygiene performance of producers.

Citres products have also obtained **VeganOK certification**.

VeganOK is the first and only **ethical and environmental** certification for vegan products created in Italy, ensuring compliance with strict standards of quality, sustainability, and environmental respect.

For Citres, innovation means offering food solutions that are increasingly tasty, authentic, and aligned with a conscious lifestyle.

An additional recognition that highlights the value of our jarred vegetables and certifies our commitment to a more ethical and sustainable future.

PRODUCTS MADE FROM FRESH VEGETABLES

The flagship of Citres is fresh production. All products labelled “Made from fresh produce” are prepared using only **fresh seasonal vegetables**, naturally leaving taste, fragrance and crunchiness intact.

ORIGIN OF RAW MATERIAL

The ingredients that Citres transforms come from different countries: **Italy, Spain, Turkey, Morocco, India, Tunisia**. The different combination of soil, sun and humidity of each geographical area strongly characterizes the composition of the finished product, creating products of the highest quality.

RECIPES SOURCE OF IODINE

Some recipes are enriched with Protected Iodised Salt which keeps the iodine content unchanged even after cooking. Our products then take an important iodine values, defining themselves as “**SOURCE OF IODINE**”, with 20% of the daily iodine requirement per 100g of product, and “**HIGH IODINE CONTENT**”, containing 30% of the daily iodine requirement per 100g of product. Source of iodine (CE REG 1924/2006).

Horseradish with Wine Vinegar.
It goes well with boiled beef, roast beef, grilled meats, seafood and eggs. PRESERVATIVES FREE

Horseradish's root or Cren has a slightly spicy and aromatic taste, it is used to prepare the typical Cren Sauce: a recipe of the culinary tradition of various Italian regions, especially in the cuisine of Veneto, Piemonte, Trentino, Friuli and Emilia Romagna. Known and used also abroad (Austria, Hungary, and Germany), it accompanies boiled meat, roast-beef, grilled meats, fish, and eggs.

Citres proposes grated Cren with wine vinegar, without added thickeners, guaranteeing a unique and original taste.
