

Cuorenero, the Molise excellence winning over everyone with its Bakery Line

Cuorenero, a brand of the Molise-based company Dolceamaro, offers a colorful and delightful Bakery Line that combines artisanal care, creativity, and fully gluten-free products. Among the most appreciated specialties are donuts, macarons, and the new cupcakes, all designed for a broad audience that loves modern desserts.

Cuorenero's Tiny Donuts are soft ring cakes, baked—not fried—with a light dough and a filling covered in a delicate glaze available in salted caramel, chocolate, pistachio, vanilla, and strawberry flavors. Sprinkles add a playful touch, making them an ideal snack for both adults and children.

New this year are the Tiny Cupcakes, inspired by American-style treats: soft, indulgent, and available in two varieties. The first is strawberry-flavored, with a vanilla filling and strawberry frosting; the second is cocoa-based, enriched with chocolate chips and topped with a chocolate glaze.

Completing the assortment are Cuorenero macarons, almond meringues filled with cream and offered in various flavors. Colorful, elegant, and perfect as gifts or for special occasions, Cuorenero macarons represent the most refined expression of the Bakery Line: small, delicate, and irresistible.

With its offering, Cuorenero brings trendy, accessible desserts to the table—perfect for every moment of everyday indulgence.
