

Epoca, founded in 1968, is a leader in the fields of gardening, agriculture and household, professional and domestic cleaning the chemical, and food industry. From a small family business, the company has achieved exponential growth, increasing its turnover from 3.8 to 13 million and its workforce from 25 to 55 specialists.

Operating three production plants in Bassano del Grappa, covering 11,000 square metres, Epoca ensures the high quality of its products through in-house and advanced production processes characterised by innovation and originality.

Epoca's corporate philosophy is based on four pillars: product quality, attention to market evolution, valorisation of human resources and focus on customer satisfaction. Demonstrating a concrete commitment to the environment, Epoca has flanked the Eco-Love range with two other lines of eco-sustainable products that meet the criteria of efficiency and eco-compatibility.

Dethatching Rake Habitat

Efficiency, lightness and durability for superior ground care.

We are proud to introduce our new Dethatching Rake from Habitat line, engineered to deliver outstanding performance and versatility in lawn and soil maintenance.

Thanks to its innovative design, it ensures efficient removal of moss, dry grass and debris, while improving soil aeration and preparing the ground for planting.

Key Features:

- Fine tines for efficient removal of small debris
- Extended tines for optimized, high-efficiency cleaning
- Ideal for soil aeration and effective removal of moss and dry grass
- Designed for easy collection of leaves, stones, and grass
- Perfect for plowing and preparing the soil for planting

Made of nylon and fiberglass, the rake is both durable and lightweight, ensuring long-lasting reliability and comfortable use.

It can be connected to our aluminium handle with Easy-Fit Connector, or to any wooden handle with a 26 mm diameter, offering maximum convenience and compatibility.
