

WE DID IT!

**WOOD
LINE**

Kubala®

NATURALLY!

Remember **WOOD LINE**?
It's more than just a collection
– it's our revolution!

We've said goodbye to lacquer
for good, choosing what's real
and authentic instead -
natural beech wood.

All products now have updated
codes – every **WOOD LINE** starts
with the number

5

WHY IS WOOD LINE SUCH AN IMPORTANT CHANGE?

NATURAL

Our tools have featured beech wood handles for years.

In the past, some were coated with blue lacquer.

Today, we choose pure, **natural wood** - comfortable and responsible.

ECOLOGY

A natural wooden handle:

- is made through a process that's gentler on the environment
- and comes from certified, **sustainable** sources.

ERGONOMICS

A natural wooden handle:

- offers greater **control**
- fits **better** in the hand,

QUALITY

WOOD LINE combines:

- advanced technology
- **top-grade steel**
- with the strength of **nature** itself.
