

TC Strasse Industries Co., Ltd. Launches Innovative ODM/OEM Customized Tool Storage

In an era where customization is key to meeting diverse market demands, TC Strasse Industries Co., Ltd. is proud to announce the launch of its ODM/OEM customized products. TC Strasse has evolved from a standard production manufacturer to a leading innovator in the tool storage industry. With a commitment to quality and innovation, TC Strasse is set to redefine the standards of tool storage solutions tailored to meet the unique needs of its clients.

The new ODM/OEM customized products from TC Strasse are designed with the end-user in mind, ensuring that each unit not only meets but exceeds expectations. The 7 Drawer Heavy Duty Cabinet w/ Recessed Design is a testament to this commitment, featuring robust construction from first-grade steel, ensuring durability and longevity. Each drawer is equipped with ball bearing slides and also features a drawer safety switch design, making it ideal for professionals and individual users.

For those seeking portability, the 3 Drawers Portable Tool Chest w/aluminum tread board is an excellent choice. The aluminum tread board not only adds to the aesthetic appeal but also enhances the chest's durability, making it resistant to wear and tear.

The Work station is another standout product in TC Strasse's new line. This workstation is designed for heavy-duty use, featuring a spacious work surface and ample storage options. It can be combined and matched according to the user's storage needs., showcasing TC Strasse's commitment to user.

TC Strasse Industries Co., Ltd. has built a reputation for excellence over the past five decades. As a leading Taiwanese manufacturer of tool storage solutions, the company has consistently focused on innovation and customization. With a strong emphasis on net zero carbon emissions and ESG issues, TC Strasse is not only committed to producing high-quality products but also to ensuring that its manufacturing processes are environmentally friendly.

The company dedication to quality is further evidenced by its professional production technology and a wide range of specialized equipment. With years of experience in the industry, TC Strasse has established strong partnerships with clients through OEM and ODM collaborations, ensuring confidentiality and tailored solutions that meet specific needs.

As TC Strasse prepares for its participation in the 2026 International Hardware Fair Cologne (IHF) from March 3-6, 2026; Hall 4.1 / Booth no.: F121, the company invites industry professionals and potential partners to explore its innovative ODM/OEM customized products. With a focus on meeting the unique needs of clients, TC Strasse is eager to share its expertise and collaborate on new projects.
