### About Us

Siang Syuan Fu was established in 1991. Started from punching processing, and now developed and mainly manufacture caulk guns series products and other accessories.

We persist in inventing unique and excellent quality products for every customer. In order to meet rapidly demands on customers' ordering, we expanded our company and named the firm "Siang Syuan Fu Enterprise Co., Ltd." in 2000.

Via several-year-experience, we own well-developed skills in caulk guns. Our products are recognized by domestic and international customers. And not only that, we keep developing and improving ourselves to earn multi-patented on the caulking guns, accumulated more than 100 patents. We focus on the solid quality of our products, ensure every caulking gun have excellent performance and wins great reputation in Taiwan, Japan, USA, UK and EU.

### Aluminum Caulking Dispenser with Adjustable Thrust Ratio

**SSF-SE-R02-1K** is our new-switch design dispenser which offering 7:1&14:1 drive that enables versatile usage. 7:1 mode for dispensing sealant in large flow. 14:1 mode enables labor-saving for reducing your hand fatigue when dispensing sealants. With holding only one gun, it supports diverse application and be able to dispense low to medium viscosity materials.

# SIANG SYUAN FU ENTERPRISE CO.,LTD

Address : No.230,Nanxuan Rd.,Hemei Township,Changhua County 50849,Taiwan

Please refer the instruction tag for clearly understanding their functions.

**1.Two mode system - Large flow / Labor-saving**

**2.Dripless design**

**3.No trigger gaps(Free play) design**

● **Large flow mode**

**7:1 thrust ratio / Stroke: 12mm**

**Suitable for dispensing out sealant in large flow.**

● **Labor-saving mode**

**14:1 thrust ratio / Stroke: 6mm**

**More powerful!**

**Reduce your hand fatigue when dispensing sealants.**

Patent  
Made in Taiwan

We focus on combining patented mechanical innovation with stable production quality. Our patented no trigger gaps design offered precise control on dispensing the sealants out.

With features of patented 360° rotary type of steel riveted carriage, it enables users to easily rotate the carriage at any angle when caulking meets around corners. It enables users dispensing sealants at ease.

Our caulking dispenser series is engineered for professional construction, maintenance, and industrial sealing tasks.

We support OEM branding, specification customization, and export-oriented supply to meet international buyer requirements.
